Please describe your family:

Katherine & I (John) have 1 wonderful daughter of 3 years. She is energetic, imaginative, engaging, and loves to talk! We are expecting Sophia to be joined by her baby sister this July. (name to be announced later) ;) Sophia loves to swim, watch movies, solve puzzles, & play with cars, trucks, & planes. Her favorite movie is Cars. Sophia loves to laugh & be an active participant in what we're doing or where we're going. Swimming is one of her favorite things to do.

Please describe the layout of your home and neighborhood:

Our home is a beautiful white victorian, built in 1886. It boasts 3000 sq ft of gross living area and there is a large walk-up attic with plenty of storage! Our guest room is to become your private room located on the 2nd floor and enjoys a great view of the neighborhood. We have bus service to the mall & commuter rail stations for easy access to Boston or Providence. Our home is located on the corner of Broad and Tiff streets. The neighborhood is all residential and is very quiet. We're in an awesome convenient location!

Please write a brief description outlining the responsibilities of your job:

We are looking for the right person to be our live-in nanny who will be a good "big sister" or mentor for our 3 year old daughter, Sophia and provide care for her newborn baby sister. Our goal is long term and we're hoping the right person will be more than just a nanny, but rather a life long friend of our family. We understand that the bond works in both directions and our little girls will love you like you are their own. We are not looking for someone to do the house chores & cooking etc (other than preparing a breakfast & lunch as necessary). When we come home from work, our job as parents will immediately resume & we would like you to enjoy the evenings & weekends as you wish. We have never used a nanny before & this will be our first time, but we believe that you are entitled to your own pursuits when we come home. We might occasionally ask you to watch the girls if we go out on a "date night" from time to time, and of course, we'd be happy to compensate accordingly.

Additional Comments you would like a nanny to know about your family:

Katherine & I (John) are very laid back & down to earth. Katherine likes to cook & bake. John enjoys experimenting with computers & ham radio. We like to go camping and enjoy the outdoors. Right now, we are only considering applications for a live-in nanny. Our offered salary is negotiable commensurate with your experience & desire for a long term commitment. As such, because we are looking for a long term commitment, we will also likewise be committed to you long term as well & will be very happy to reward your loyalty to our family.
